

Subject Selection Form for Year 11, 2024

Year 11 signals the beginning of studies that enable students to move beyond school to a variety of tertiary destinations or into the workplace. Students embark upon different pathways which are determined by their future intentions, interests and academic ability.

In order to make the right choice of subjects in Senior School, it is important that students consider their future career options and post school education. Students and their parents are encouraged to gather as much information as possible. As students learn more about themselves and the opportunities available to them, their decisions and career planning will become more sharply focused.

The instructions outlined on the following page will assist you in completing this form. If you are experiencing difficulty in assisting your child to select their courses, and you wish to discuss this, please do not hesitate to contact the Career Services Team on (08) 9720 3300.

We look forward to working in partnership with you and your child.
